

February 9 minute writing prompts

What would it be like to live in a world where everyone “loved their neighbors as themselves?”

National Inventors Day is Feb 11 because Thomas Edison was born on that day in 1847. Write a reaction to his quote, “Genius is 1% inspiration and 99% perspiration.”

Poets: write an acrostic poem for VALENTINE.

Describe someone you know that has a “heart of gold.”

Imagine you were alive at the time of the Gettysburg Address. What effect does this speech have on you when you hear it?

The Presidential election of 1920, 14 years after Susan B Anthony died, was the first time women in all states were allowed to vote. You are there. Do you exercise your right to vote? What stumbling blocks are in your way? How are you involved in getting out the vote?

Since the United States has not elected a female president, choose a woman (living, dead, or imaginary) that would make a Great President of the United States.

Feb 17 is Random Acts of Kindness Day. List acts you can perform this month. Keep track of acts that you actually do.

This is Leap Year. Write a letter about your goals to read next leap year, four year from now.

Not enough inspiration, Google writing prompts for the month there are many. Some may even fit the characters in your major writing project.
